O: 4509-100
22" (55 cm)

P: 4509-406
20" (50 cm)

SEWING OF QUILT TOP: Seam allowance is 1/4".

The quilt has 16 Christmas trees at the quilt center and the center is surrounded with 2 borders.

Start making the Christmas trees. Take one tree center and two back grounds.
Join the triangles on both side of the tree. Fold back seam towards the tree.

Now take the brown square and back ground rectangles for the bottom of the tree. Join them together.

Join the tree top & tree bottom. One tree block is created.

Follow the letters on the lay out page 5 for how to join the trees.
Make 16 trees.

Position the blocks as layout on page 5 or as you prefer. Join the trees into rows and afterwards join the rows. The quilt center is now created.

Measure the height & width of the quilt top. Should be 40½" x 32½".
Join strips in fabric O to left & right sides (O1) and afterwards join at the top & the bottom (O2).

Measure height & width again. Should be 46½" x 38½". Take the strips and the rectangles for the sides of the outer border and join at the short ends. Join to the left & right sides (D1).
At last take the strips and squares and join at the short end. Join to the top & the bottom (D2).

QUILTING AND BINDING:

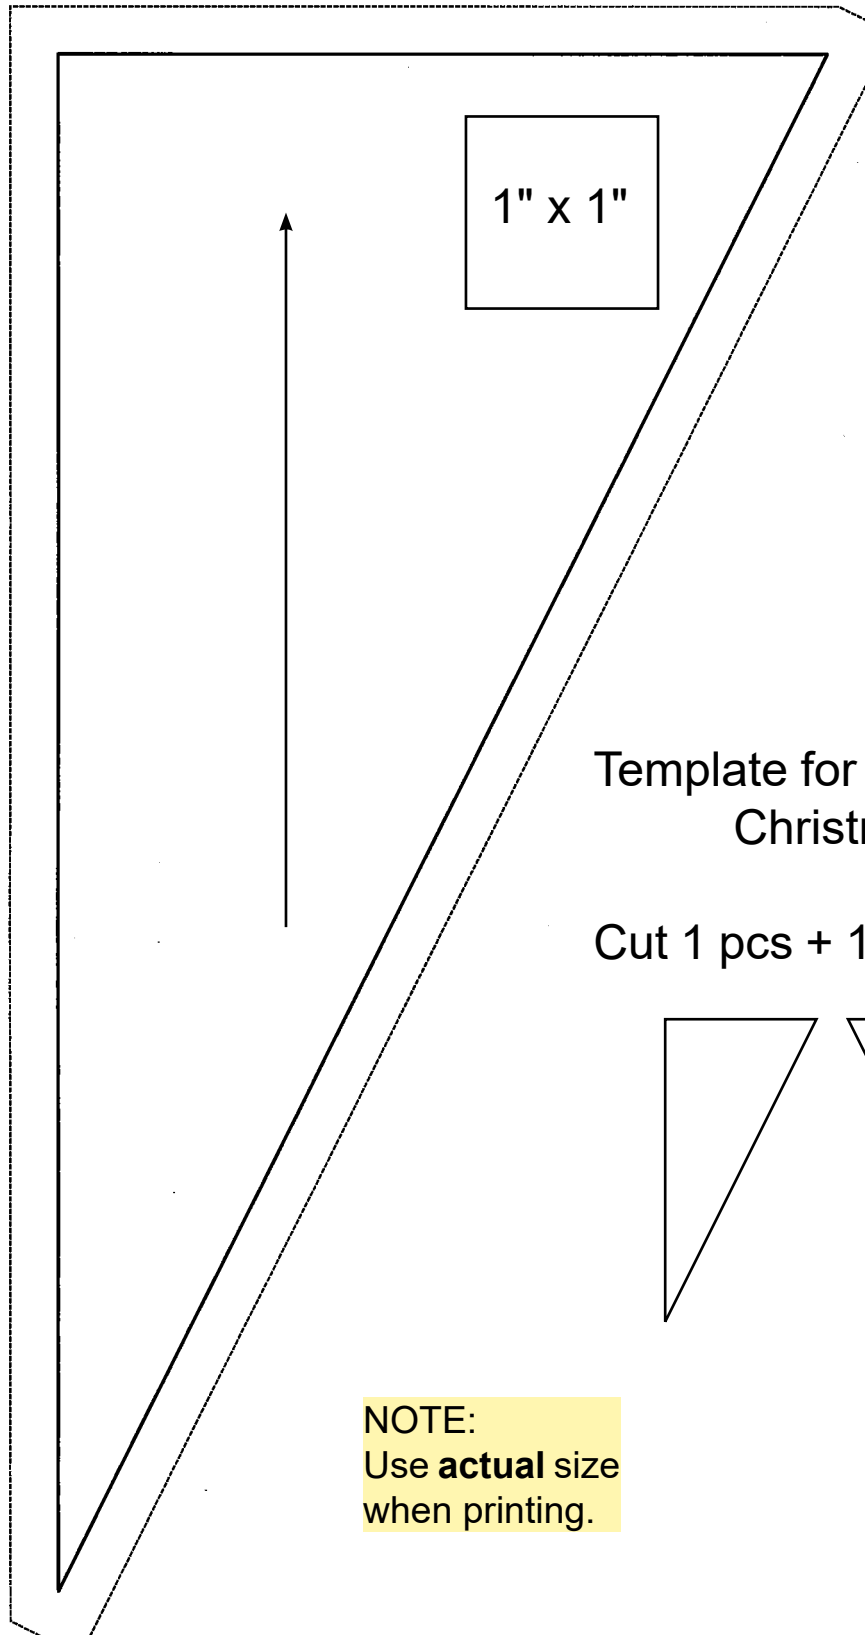

Layer top, batting and backing fabric and baste the pieces.

Quilt as you prefer by hand or by machine.

Sew hanging sleeve in backing fabric and place under top binding in fabric P.

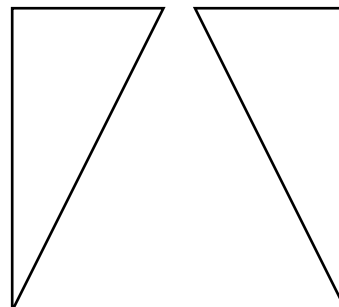

We wish you much success and pleasure with our fabrics and pattern.

Your Team from stoffabrics.

Template for back ground at
Christmas tree

Cut 1 pcs + 1 pcs vice versa

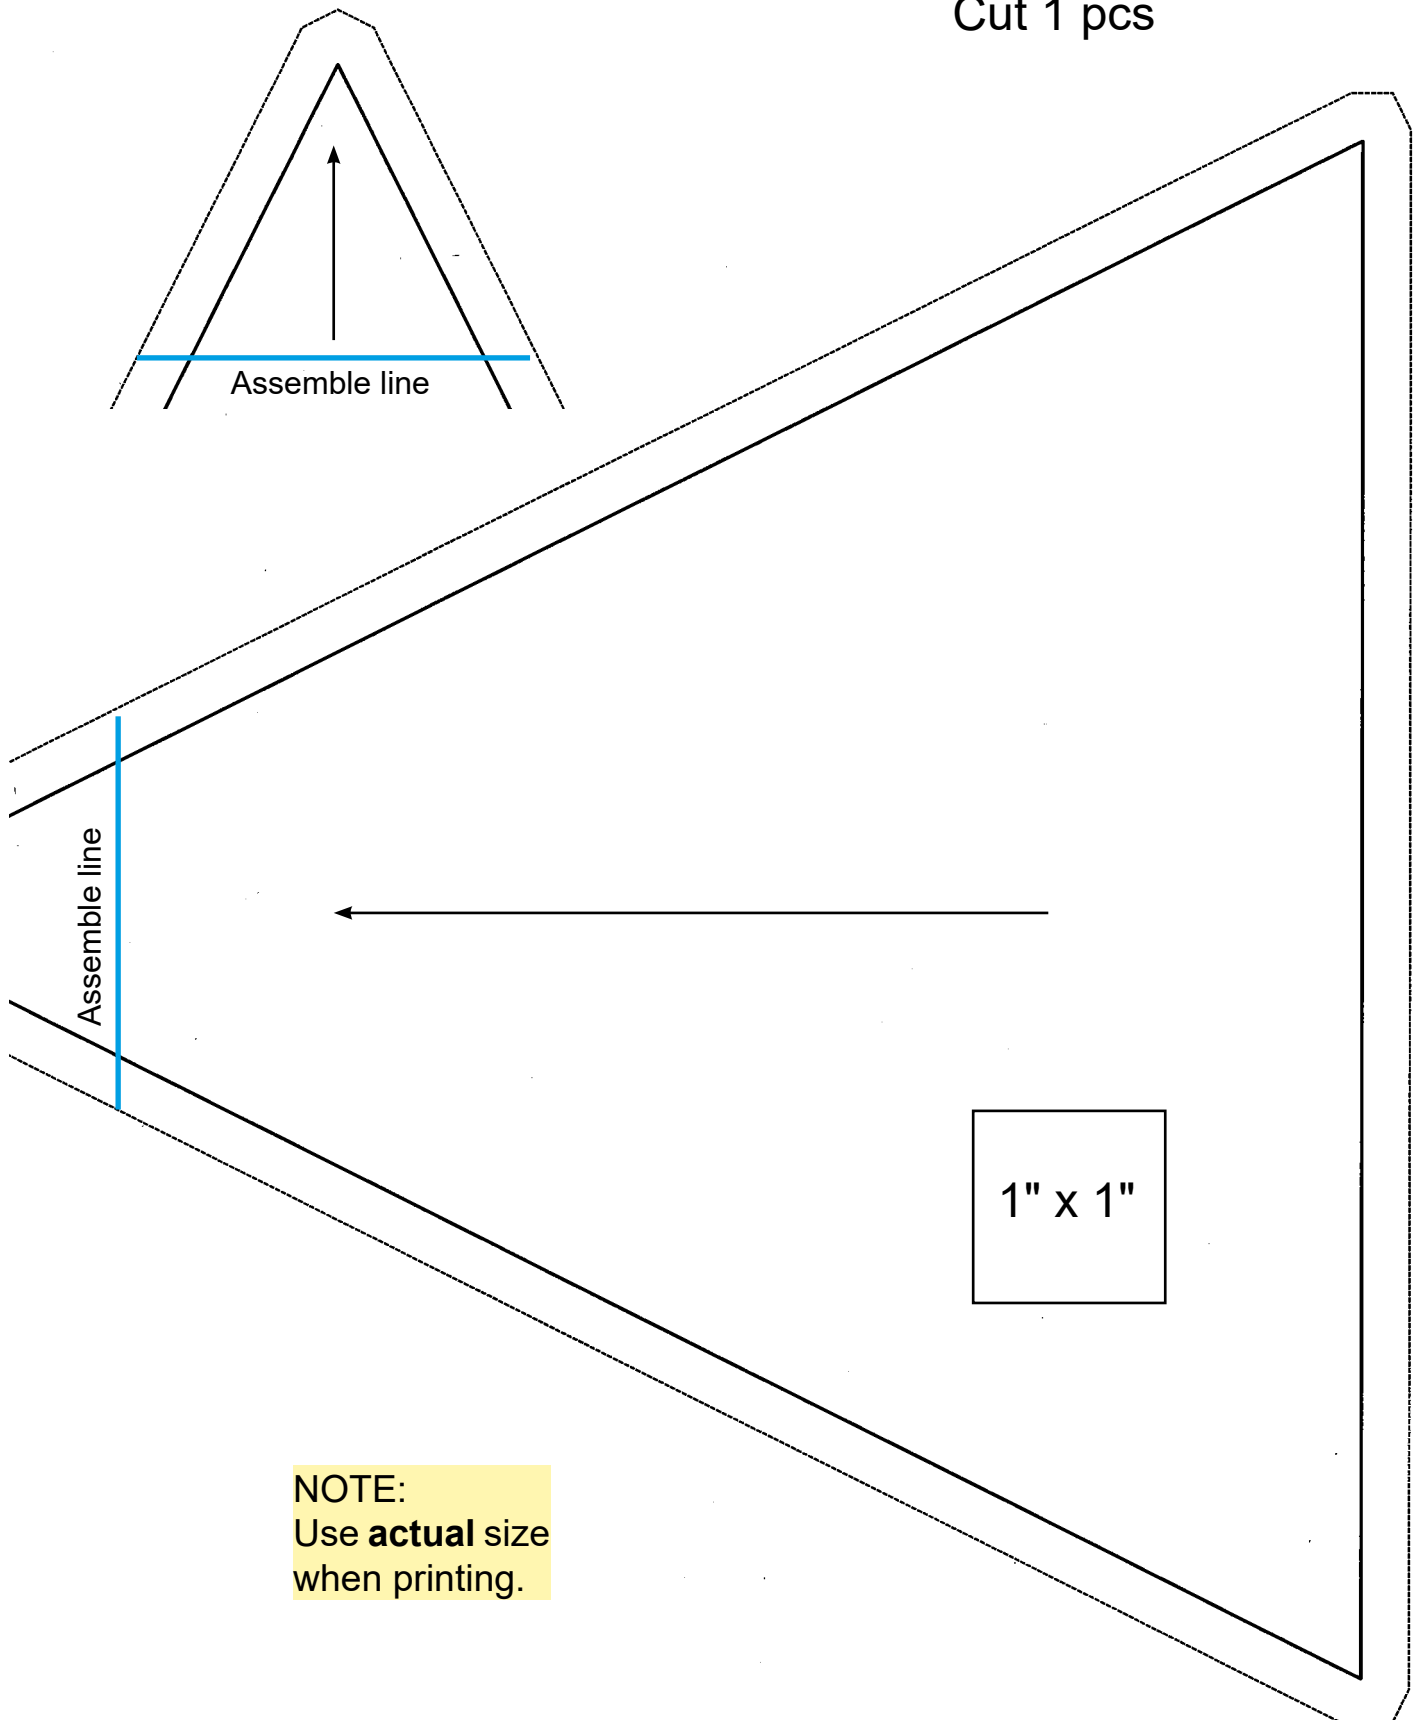

NOTE:
Use **actual** size
when printing.

Template for tree

Assemble the template
at the turquoise line

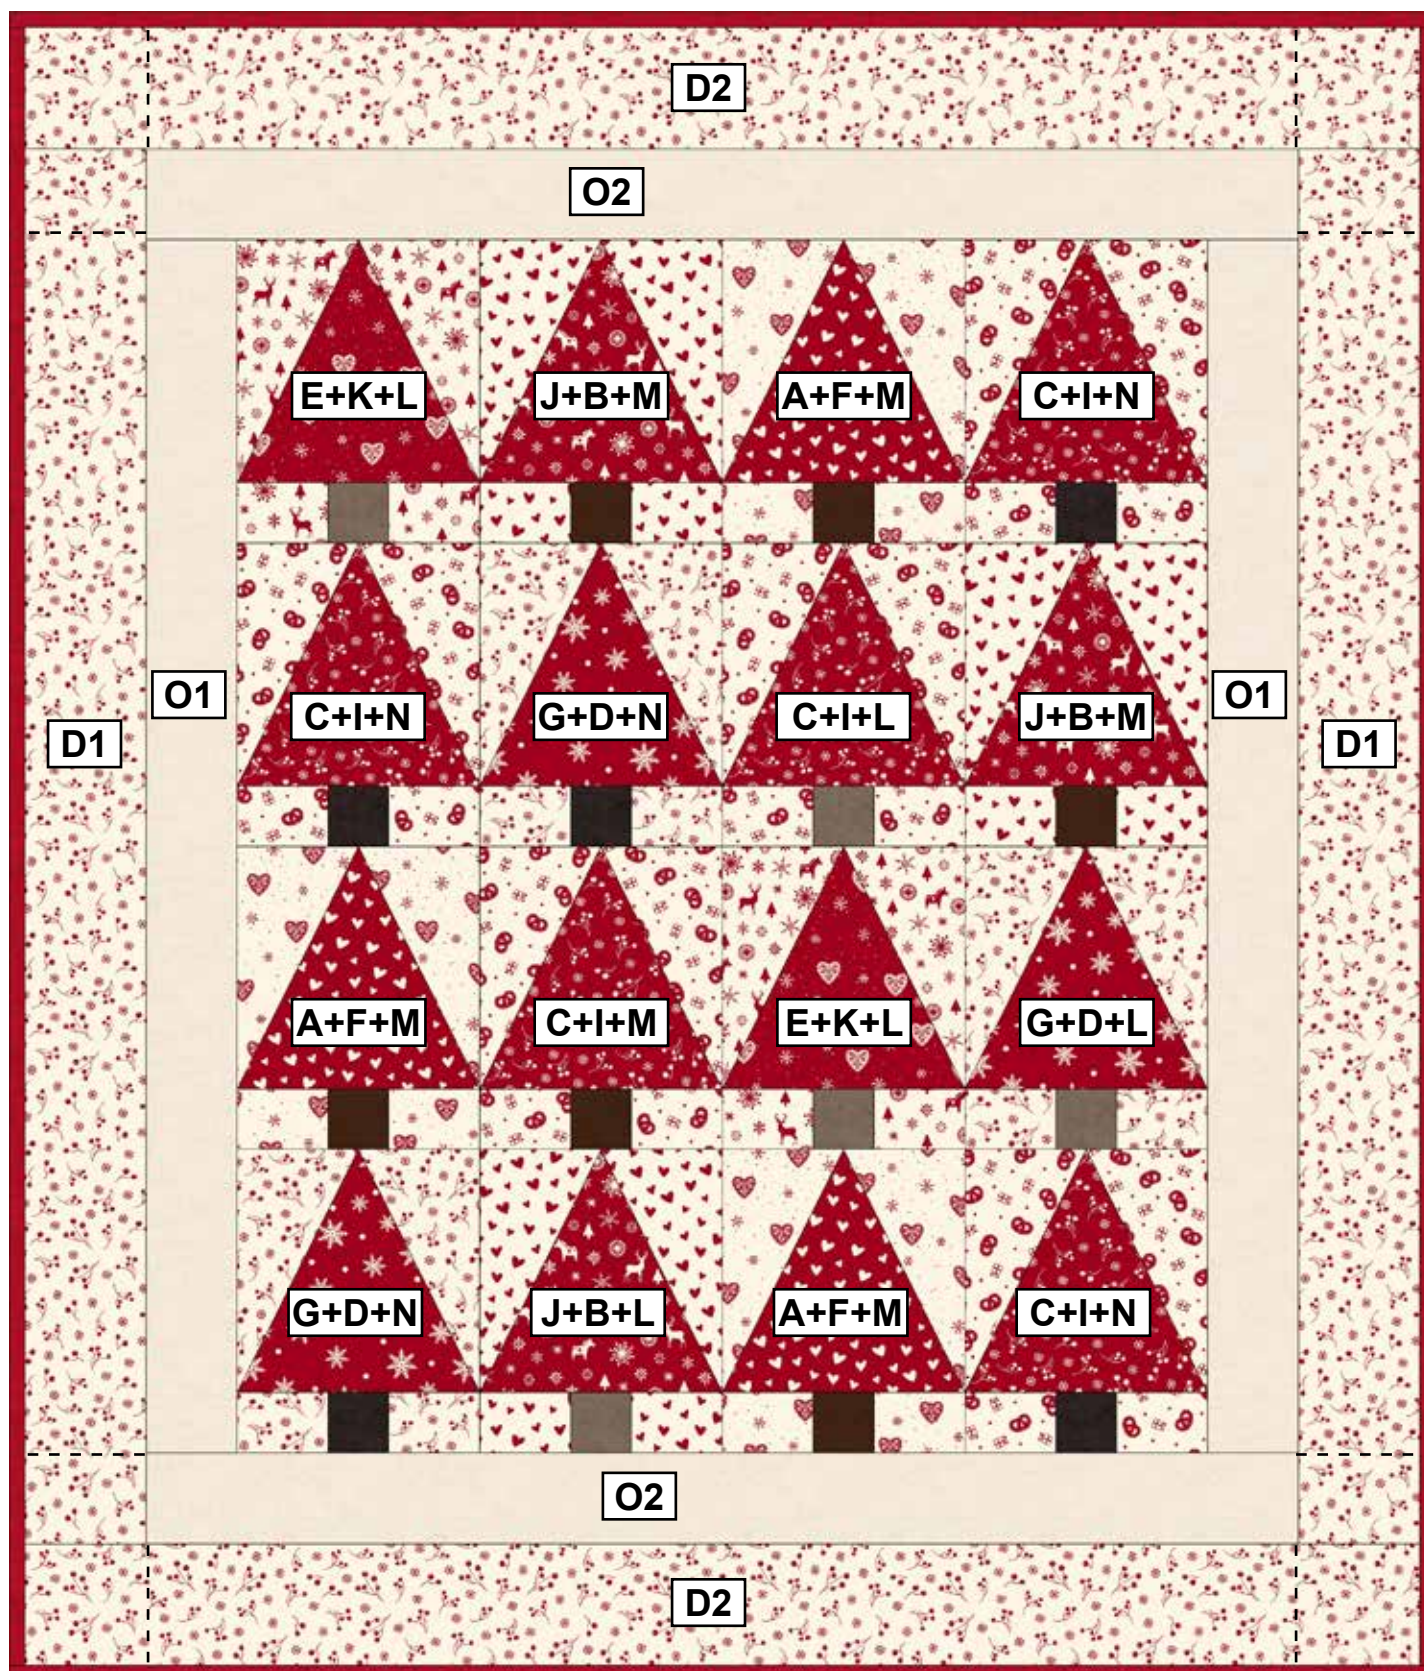

Cut 1 pcs

NOTE:
Use **actual** size
when printing.
